

MICHELLE YOUNG, RN

Detail-oriented RN with six years of experience seeking a position at Downey Medical Center. Dedicated to excellent patient care and support through strong interpersonal communication and an empathetic bedside manner. Looking to join a team of dynamic medical professionals committed to quality health care service.

PROFESSIONAL EXPERIENCE

REGISTERED NURSE

Eisenhower Health, Rancho Mirage, CA

February 2019 – present

- Monitor up to four patients on the telemetry unit and assess as often as every 15 minutes
- Maintain standard level of care for cardiac and respiratory conditions, reducing inpatient admission times by 15%
- Interpret EKG results and telemetry strips, working closely with the physician on duty to create and manage unique care plans for all patients
- Educate patients and family members on pre- and post-operative cardiac care with compassion to maintain patient satisfaction scores of over 90%
- Manage medication administration for assigned patients and evaluate patient condition in response to treatment plan

REGISTERED NURSE

California Medical, Glendale, CA

November 2017 – December 2020

- Measured vital signs, input data into EMR systems, and recorded detailed patient histories for an average of 10 patients per shift
- Carried out wound care for post-operative patients, taking appropriate infection control measures
- Conducted over 100 total hours of patient and family education sessions regarding expectations around care before and after surgery
- Responded to emergency situations to stabilize patients awaiting physician assessment
- Administered medication orally and via intravenous, subcutaneous, or intramuscular injection

EDUCATION & LICENSING

September 2013 – June 2017
