ABOUT ME

A seasoned chief information security officer with a strong background in computer science and information technology (IT), having worked with leading tech companies like IBM, Google, and Amazon. Proven track record in developing and implementing robust information security strategies, ensuring regulatory compliance, and leading incident response and recovery efforts, backed by industry-recognized certifications such as CISSP, CISM, and CRISC.

PROFESSIONAL EXPERIENCE

Chief Information Security Officer

IBM, New York, NY | June 2016 to present

- Developed and implemented a comprehensive information security strategy that reduced potential security risks by 30%
- Ensured full compliance with all relevant laws and regulations related to information security, resulting in zero non-compliance issues during audits
- Led incident response and recovery efforts for multiple security breaches, minimizing damage and ensuring swift recovery of lost data

Information Security Manager

Google, Mountain View, CA | May 2015 to June 2016

- Managed a team of security professionals to implement IT security strategies, resulting in a 25% improvement in overall system security
- Oversaw risk management processes and ensured adherence to data privacy laws, reducing potential legal issues

EDUCATION

Master of Science in Information Systems

Stanford University, Stanford, CA

Master of Science in Cybersecurity

Massachusetts Institute of Technology, Cambridge, MA

Bachelor of Business Administration with a focus on Information Systems

Harvard Business School, Boston, MA
