ABOUT ME

A technical project manager with over 10 years of experience specializing in Agile, Scrum, risk management, and budget development. A proven track record of managing multi-million dollar cloud technology projects. Adept at leading cross-functional teams in delivering complex IT solutions.

PROFESSIONAL EXPERIENCE

Senior Technical Project Manager | January 2018 – Present

IT Solutions Inc., San Francisco, CA

- Lead the development and deployment of an enterprise cloud solution valued at \$5 million, resulting in a 24% reduction in infrastructure costs within three years
- Manage and build a team of 20 engineers, project coordinators, and software developers, define workflows, and establish a forward-thinking work culture
- Spearhead the implementation of Agile-Waterfall hybrid methodologies, contributing to a 19% reduction in project delivery time

Technical Project Manager | June 2014 – Present

Hardin Cloud Solutions, San Francisco, CA

- Managed and executed 15 major technology integration projects valued at \$3 million to \$10 million, developed roadmaps, and defined overarching project strategy
- Led a team of 18 software engineers, developers, and programmers and collaborated cross-functionally to ensure alignment with business objectives
