- Programming languages: CSS, HTML5, JavaScript, JQuery, SQL
- Team collaboration

PROFESSIONAL EXPERIENCE

Senior Software Engineer, Synergy IT, Chicago, IL

August 2022 – present

- Collaborate with back-end developers and product owners to translate requirements and mock-ups into functional features
- Enhance application function and UX, helping to raise the company's customer satisfaction score by 15 points in 2023
- Participate in migration activities through back-end optimization and new development
- Assist in the move of over 10 legacy systems, migrating them to a modern microservice architecture
- Optimize SQL queries and stored procedures, which led to a 20% reduction in server-side processing time

Software Engineer Intern, UtiliTech Solutions, Chicago, IL

December 2021 – May 2022

- Supported a software development team with ongoing projects for local utility companies
- Helped reduce manual team effort by 40 hours per week as a result of automating data collection and analysis
- Collaborated with a team that delivered a large client project on time and under budget, saving the company over \$5,000 in project expenses
- Utilized Git to manage project codebases and engage in version control practices

EDUCATION

September 2017 – June 2021

Hillsborough Community College, Tampa, FL | June 2015
