- Interdisciplinary collaboration
- Care plan development

PROFESSIONAL EXPERIENCE

LVN Case Manager | Pacific Care Health Systems, San Francisco, CA | February 2018 – Present

- Manage a caseload of 40+ patients, developing and implementing care plans tailored to individual needs, resulting in a 15% improvement in patient adherence.
- Coordinate care between patients, families, physicians, and social workers, leading to a 20% reduction in emergency room visits.
- Educate patients and families on medication management and chronic disease prevention, improving overall quality of life.

LVN | Citywide Healthcare, San Francisco, CA | June 2014 – February 2018

- Assisted in delivering patient care within a multi-disciplinary team for patients with diverse health conditions, including heart disease and diabetes.
- Conducted assessments, provided patient education, and assisted with medication management and wound care.

EDUCATION

Certificate in Vocational Nursing (LVN)
San Francisco State College, San Francisco, CA | April 2014

CERTIFICATIONS

- Licensed Vocational Nurse (LVN), State of California, January 2014
