CERTIFICATIONS

- Project Management Professional (PMP), Project Management Institute, March 2016
- LEED Accredited Professional, May 2017

Daniel Parker

An accomplished electrical engineering manager with 9 years of experience in designing, developing, and deploying electrical systems for both industrial and commercial applications. Expertise in team leadership, project management, and optimizing electrical systems for energy efficiency and sustainability.

PROFESSIONAL EXPERIENCE

ELECTRICAL ENGINEERING MANAGER

GREENPOWER TECHNOLOGIES, CHICAGO, IL | MARCH 2017 – PRESENT

- Lead a team of 15 engineers in the design and implementation of energy-efficient electrical systems for commercial buildings, resulting in a 20% reduction in energy consumption
- Developed and executed electrical systems that met LEED certification standards, contributing to sustainability goals
- Oversaw electrical project budgets exceeding \$10 million, ensuring cost control and timely completion

SENIOR ELECTRICAL ENGINEER

POWERGRID SOLUTIONS, CHICAGO, IL | JANUARY 2013 – MARCH 2017

- Designed and optimized electrical grid systems to improve reliability and capacity, resulting in a 15% reduction in power outages
- Implemented automation systems for energy management, improving overall grid efficiency by 12%
- Conducted system analysis and troubleshooting to resolve electrical failures, reducing downtime by 10%

EDUCATION

Master of Science (M.S.) Electrical Engineering

University of Chicago, Chicago, IL | February 2013

Bachelor of Science (B.S.) Electrical Engineering I

University of Illinois, Urbana-Champaign, IL | May 2010
