

EJ

# Emily Johnson

A data analyst with 5 years of experience in developing business intelligence solutions using both Power BI and Tableau. Skilled in creating insightful dashboards, integrating multiple data sources, and optimizing performance for enterprise-level clients. Adept at translating business requirements into technical solutions that drive data-driven decision-making.

## PROFESSIONAL EXPERIENCE

BUSINESS INTELLIGENCE ANALYST | MICROSOFT, REDMOND, WA  
JUNE 2020 – PRESENT

- Developed and maintained over 15 Tableau and Power BI dashboards for cross-functional teams, improving decision-making and operational efficiency.
- Integrated data from multiple sources into Power BI and Tableau, creating seamless workflows for end-users.
- Worked with stakeholders to understand business needs, translating them into actionable data visualizations that drove key business decisions.

DATA ANALYST | SALESFORCE, SAN FRANCISCO, CA  
AUGUST 2017 – MAY 2020

- Created interactive Tableau dashboards that tracked sales and marketing KPIs, providing clear visual insights to executive leadership.
- Utilized SQL and Power BI to pull data from various platforms, performing in-depth analysis to support data-driven initiatives.
- Delivered training sessions on using Tableau and Power BI for internal teams, improving user adoption and dashboard utilization.
