

JB

John Bergsen

A dynamic engineering manager with eight years of experience, specializing in Agile methodologies, project management, and lean manufacturing. A proven track record of executing complex projects for multi-million dollar manufacturing organizations. Adept at building and leading cross-functional teams throughout all project lifecycle phases.

PROFESSIONAL EXPERIENCE

Engineering Manager | June 2020 - Present
Hardin Manufacturing | Austin, TX

- Manage a 25-person engineering team to develop a robotics automation system for an international manufacturing company valued at \$20 million
- Spearhead initiatives to increase production throughput by 28% and reduce annual manufacturing costs by \$1.4 million over three years
- Lead the implementation of hybrid Agile-Waterfall methodologies to enhance team performance and reduce project delivery timelines by up to 10%

Mechanical Engineer | May 2016 - June 2020
Apex Manufacturing | Austin, TX

- Implemented new preventative maintenance and advanced diagnostic protocols to improve equipment reliability by 18%
- Partnered with cross-functional teams to integrate new manufacturing systems, reducing production downtime by 12%

CERTIFICATIONS

- Project Management Professional (PMP), Project Management Institute (PMI), May 2018
