EDUCATION

Bachelor of Science in Computer Science
University of Southern California, Los Angeles, CA

Master of Science in Data Engineering
Stanford University, Stanford, CA

KEY SKILLS

- Tableau Server architecture
- Data integration
- Business intelligence tools
- Project management
- Stakeholder engagement

PROFESSIONAL EXPERIENCE

- **Tableau Architect, Netflix, Los Angeles, CA**
  January 2018 – Present

  - Led the design and implementation of Tableau-based solutions, delivering actionable insights to leadership and business stakeholders.
  - Built scalable data models and ensured the architecture supported over 100 million records, enabling faster decision-making across departments.
  - Worked closely with business leaders to gather requirements, delivering custom data visualizations that improved strategic decision-making.

- **Senior Tableau Developer, Amazon Web Services (AWS), Seattle, WA**
  June 2014 – December 2017

  - Architected data visualization solutions for internal and external clients using Tableau, helping stakeholders understand and act on key data insights.
  - Collaborated with cross-functional teams to implement automated reporting solutions, resulting in a 40% reduction in reporting time.
  - Assisted in the setup of Tableau Server, optimizing dashboard performance and data delivery.

PROFESSIONAL DEVELOPMENT

- Tableau Server Certified Professional (TSCP), Tableau
- Tableau Desktop Qualified Associate (TDQA), Tableau
- AWS Certified Solutions Architect, Amazon
