## ABOUT ME

A Senior Tableau Developer with 8 years of experience in data visualization, dashboard development, and reporting. Strong technical skills in data analysis, data integration, and optimization. Adept at leading Tableau projects that drive business insights and contribute to operational improvements.

## PROFESSIONAL EXPERIENCE

### Senior Tableau Developer | PepsiCo, Plano, TX

March 2018 – Present

- Led the development and optimization of over 50 Tableau dashboards, improving operational reporting and decision-making processes for the global supply chain team.
- Conducted performance tuning of Tableau reports, reducing report generation times by 40%.
- Managed multiple Tableau-related projects, collaborating with cross-functional teams to deliver solutions on time and within budget.

### Tableau Developer | Hewlett-Packard, Houston, TX

May 2015 – February 2018

- Developed Tableau dashboards for various business units, providing actionable insights into sales performance, inventory, and customer behavior.
- Worked with data engineers to integrate Tableau with backend systems, improving data access and visualization accuracy.
- Trained 30+ team members on Tableau best practices, boosting adoption and improving data literacy.

## PROFESSIONAL DEVELOPMENT

- Tableau Desktop Certified Professional (TDCP), Tableau
- Project Management Professional (PMP), Project Management Institute
