Education

Rutgers University , New Brunswick, NJ
May 2014
Bachelor of Science (B.S.) Civil Engineering

Malik Thompson

A results-driven engineering project manager with over 10 years of expertise in managing large-scale infrastructure build-outs, including highways, pipelines, and urban developments. A proven track record of leading dynamic construction teams, mitigating project risks, and ensuring compliance with building codes and state regulations.

Professional Experience

Senior Project Engineer, Atlas Infrastructure Group | New York, NY
October 2017 - Present

- Oversee the construction of two highway expansions and a municipal water treatment facility with combined budgets exceeding \$28 million
- Manage teams of up to 40 civil engineers, contractors, environmental consultants, and architects throughout all phases of the project lifecycle
- Performed site inspections to ensure compliance with OSHA safety regulations and quality control standards, reducing project roadblocks by 17%

Civil Engineer , Nova Construction Inc. | Newark, NJ
September 2014 - October 2017

- Led the development of eight infrastructure projects valued at \$3 million to \$15 million, including bridge retrofits, stormwater systems, and wastewater treatment centers
- Performed structural analysis and developed viable roadmaps using AutoCAD and Civil 3D to reduce project delivery timelines by up to 12%
- Led job hazard assessments and enforced OSHA safety protocols, reducing on-site incidents by 19%

Certifications

- Project Management Professional (PMP), Project Management Institute, February 2017
- OSHA 30-Hour Construction Safety Certification, November 2016
- Fundamentals of Engineering (FE) Certification, National Council of Examiners for Engineering and Surveying , May 2014
