

Lucy Maxwell

IT Project Manager

Dover, DE 19901 | (123) 456-7890 | yourname@example.com | LinkedIn | Profile

Profile

An IT project manager with seven years of experience specializing in technical project management, cloud infrastructure, and Agile methodology. A strong history of leading cross-functional teams and implementing large-scale IT solutions to reduce infrastructure costs and deployment lifecycles.

Professional Experience

IT Project Manager | Velocity Tech Solutions | Dover, DE

May 2019 – Present

- Manage a portfolio of over 20 technical projects for a leading IT services provider, lead a 30-person cross-functional team, define roadmaps, and establish a collaborative, inclusive work environment to maximize team performance
- Lead a \$700,000 data migration project to transition from legacy systems to a cloud platform, generating a \$3.2 million reduction in annual infrastructure costs
- Introduce an Agile-Waterfall hybrid methodology to enhance project execution and reduce deployment times by 17%

IT Project Coordinator | Integrated Solutions Network | Dover, DE

September 2017 – May 2019

- Partnered with senior IT project managers to facilitate system upgrades and infrastructure expansion projects across eight client sites
- Coordinated with engineering and quality assurance teams to streamline project workflows, reduce bottlenecks, and enhance cross-functional collaboration
