PROFESSIONAL EXPERIENCE

UI DEVELOPER | BEACON SYSTEMS, PORTLAND, OR
MAY 2018 – PRESENT

- Rebuilt company's main interface using Vue 3 and component libraries, improving performance scores by 42% and reducing bundle size by 60%
- Worked closely with designers to implement pixel-perfect UIs with WCAG 2.1 compliance across 12 core products
- Developed custom design tokens for global theming, decreasing design QA hours by 40% on average

FRONT-END PROGRAMMER | NORTHSKY COMMERCE, SALEM, OR
JULY 2015 – APRIL 2018

- Created reusable modal and form components used by 20+ developers across teams
- Standardized layout and grid systems, reducing UI bugs by 48% post-sprint
- Wrote detailed implementation guides for handoff between design and engineering

EDUCATION

- Bachelor of Science (B.S.) in Digital Interface Design
University of Oregon, Eugene, OR | May 2015

CERTIFICATIONS

- Certified Web Accessibility Specialist (CWAS) - IAAP, June 2022
- Vue.js Developer Certification - Vue Mastery, September 2021
