## EDUCATION

Electrician Program  
Eastwick College, Hackensack, NJ  
June 2016

## KEY SKILLS

- Building codes
- Electrical installation
- Industrial electrical projects
- OSHA safety compliance
- NEC

## PROFESSIONAL EXPERIENCE

Journeyman Electrician | ElectroIndustry Corp., Brooklyn, NY  
September 2019 – Present

- Seek solutions and initiate complex electrical repairs to achieve OSHA safety standards with 100% compliance
- Secure precise measurements, identify technical solutions, and work within project scope to complete electrical rewiring on tight deadlines, reducing expenses by 12%
- Analyze blueprints and ensure that electrical design complies with building codes and NEC

Journeyman Electrician | Lou B. Reid Electrical Solutions, New York, NY  
July 2016 – August 2019

- Executed complex electrical installation, supporting a five-person team in an industrial environment to overcome infrastructural challenges while aligning with building code
- Utilized ohmmeters, IC testers, and dial indicators to obtain precise measurements and systems readings for comprehensive safety inspections, achieving OSHA compliance 100% of the time
- Troubleshoot residential rewiring projects to achieve safety standard
