

Cynthia Young

Critical Care Travel Nurse

City, State Abbreviation, Zip Code | (123) 456-7890 | email@example.com | LinkedIn | Portfolio

Dedicated critical care travel nurse with seven years of experience in ICU and cardiac step-down units. Expert at managing hemodynamic monitoring, titrating vasopressors, and leading rapid response teams. Recognized for reducing code blue response times and mentoring novice nurses.

Key Skills

- Hemodynamic monitoring & vasopressor titration
- Sepsis protocol implementation
- Staff mentoring & education
- Rapid response & code blue leadership
- Ventilator management & VAP prevention

Professional Experience

CRITICAL CARE TRAVEL NURSE | BANNER HEALTH | TUCSON, AZ | OCTOBER 2022 – PRESENT

- Manage continuous infusion of vasopressors for 3–4 hemodynamically unstable patients per shift, improving MAP (mean arterial pressure) within the target range 85% of the time
- Lead rapid response teams, achieving a 90% survival rate for code blue events
- Mentor new critical care travel nurses, reducing orientation time by 25%

CRITICAL CARE STAFF NURSE | DUKE UNIVERSITY HOSPITAL | DURHAM, NC | JUNE 2016 – SEPTEMBER 2022

- Administer advanced clinical interventions for ventilated and post-open-heart surgery patients, maintaining a 0.7% VAP (ventilator-associated pneumonia) rate
- Served as chair of the unit's quality-improvement committee, implementing a sepsis protocol that reduced time-to-antibiotics by 30 minutes on average

Trained 50+ new hires on critical care protocols, improving their competency test scores by 20%

Education

Bachelor of Science in Nursing (BSN) | University of North Carolina, Chapel Hill, NC
May 2016
