## KEY SKILLS

- Tower-crane & hoist logistics
- Phased elevator core construction
- Urban material flow planning
- Fall-protection safety

## EDUCATION

- Bachelor of Science in Construction Engineering  
Columbia University, New York, NY | May 2012

## ABOUT ME

Urban High-Rise Project Manager with 8 years of experience in mixed-use towers. Expert in tower-crane logistics, vertical material lifts, and phased elevator core construction.

## PROFESSIONAL EXPERIENCE

**HIGH-RISE PM | SKYLINE TOWERS LLC, NEW YORK, NY**  
JANUARY 2015 - PRESENT

- Delivered 3 mixed-use high-rises (20–40 stories) totaling \$250M, with zero critical path delays.
- Managed tower-crane scheduling and vertical hoist operations, improving material flow by 35%.
- Coordinated elevator core pours in 48-hour cycles, meeting safety and structural specs.

**ASSISTANT SUPERINTENDENT | CITYBUILD HIGH-RISE, NEW YORK, NY**  
JUNE 2012 - DECEMBER 2014

- Organized just-in-time deliveries to congested urban sites, reducing laydown area needs by 50%.
- Assisted safety director with fall-protection programs, achieving OSHA-recordable-free years.

## CERTIFICATIONS

- OSHA 30-HOUR CONSTRUCTION SAFETY | U.S. GREEN BUILDING COUNCIL | MAY 2013
