KEY SKILLS

- Post-operative & med-surg nursing
- Telemetry monitoring basics
- EHR systems documentation
- Quality-improvement initiatives
- Rapid adaptability & teamwork

CERTIFICATIONS

- Basic Life Support (BLS), February 2022
- Telemetry Nursing Certification (TNC), American Association of Critical-Care Nurses, March 2023

PROFESSIONAL EXPERIENCE

MED-SURG STAFF NURSE | MERCY GENERAL HOSPITAL
SACRAMENTO, CA | JANUARY 2023 – PRESENT

- Provide care to 4–6 post-operative patients per shift, administering medications and monitoring recovery
- Collaborate with surgeons and physical therapists to implement early mobilization, reducing LOS (length of stay) by 15%
- Participate in unit education programs, gaining proficiency in telemetry and EHR documentation

NURSING RESIDENT | UC SAN DIEGO HEALTH
SAN DIEGO, CA | JUNE 2022 – DECEMBER 2022

- Completed a 6-month residency with rotations in med-surg, telemetry, and ICU, achieving resident evaluation scores in the top 10%
- Assisted with patient assessments and care planning under RN supervision, reinforcing nursing fundamentals
- Presented a quality-improvement project on fall prevention, resulting in a 25% reduction in patient falls

EDUCATION

- Bachelor of Science in Nursing (BSN)
University of California, San Diego, CA | May 2022

LICENSING

Registered Nurse (RN)

California Board of Nursing | 2022
