

Christian Carter

Cardiac Travel Nurse

Skilled cardiac travel nurse with eight years of experience in telemetry, cath lab, and cardiac step-down units. Proficient in post-stent care, arrhythmia management, and patient education on lifestyle modification. Achieved a 30% reduction in 30-day readmission rates through targeted teaching sessions.

KEY SKILLS

- Cardiac catheterization & post-PCI care
- Telemetry monitoring & arrhythmia management
- Patient education & lifestyle modification
- Cath lab support & hemodynamic monitoring
- Rapid response & code leadership

EDUCATION

Bachelor of Science in Nursing (BSN)

University of Maryland, Baltimore, MD
May 2014

PROFESSIONAL EXPERIENCE

Cardiac Travel Nurse | Cleveland Clinic, Cleveland, OH
July 2019 – Present

- Monitor post-PCI patients in cardiac step-down, achieving a 30% reduction in 30-day readmission rates through focused patient education on medication adherence and lifestyle changes
- Assist in the cath lab for 4–6 procedures weekly, providing scrub nurse support and managing hemodynamics
- Collaborate with cardiology teams to optimize post-procedure care, reducing LOS by 1.2 days on average

Cardiac Staff Nurse | Johns Hopkins Bayview, Baltimore, MD
May 2014 – June 2019

- Managed telemetry monitoring for 8–10 post-cardiac surgery patients per shift, identifying early arrhythmias and initiating interventions promptly
- Participated in rapid response calls for cardiac arrests, contributing to a 92% successful resuscitation rate
- Played a key role in a quality-improvement initiative that standardized discharge teaching, improving medication compliance by 25%

CERTIFICATIONS

- Cardiac Vascular Nursing Certification (RN-CV): AACN, March 2016
- Advanced Cardiovascular Life Support (ACLS): American Heart Association, March 2014

LICENSING

Registered Nurse (RN)

Maryland Board of Nursing | 2014
