

Raymond Ortiz

Data Scientist

Data scientist with a seven-year background in driving business growth through innovative AI and ML solutions. Transforms complex datasets into actionable insights, delivering multi-million-dollar impact and expanding market reach across diverse business initiatives.

EDUCATION

B.S. in Data Science and Analytics

University of Washington
Seattle, WA | June 2015

PROFESSIONAL EXPERIENCE

Data Scientist | Alpha AI Enterprise, Seattle, WA 12345
October 2021 – Present

- Analyzed 50 TB of raw data to develop five novel ML algorithms
- Designed 12 interactive Tableau dashboards for executive leadership
- Boosted operational efficiency by 23% through predictive inventory and segmentation models
- Enhanced cybersecurity posture, mitigating over 200 potential data-breach attempts
- Improved sentiment analysis precision from 76% to 93% with a hybrid NLP system

Data Scientist | GoGoTech LLC , Kirkland, WA
June 2017 – October 2021

- Reduced system downtime by 23% with a big-data ML project, adding 15% to annual revenue
- Developed a fraud prediction model achieving 92% accuracy, saving \$1.5 million annually
- Collaborated on cybersecurity protocols, reducing incidents by 30%
- Created data-literacy training for non-technical staff, increasing usage by 50%

CERTIFICATIONS

- Google Certified Professional Data Engineer, February 2021
- IBM Data Science Professional Certificate, May 2017
