Tempe, AZ

## KEY SKILLS

- Tableau Desktop, Tableau Prep
- SQL (Snowflake), Excel (pivot tables, Power Query)
- Calculated fields, parameters, basic LOD
- Git basics, Confluence

## Professional Experience

DATA ANALYST INTERN | COPPERSMITH LOGISTICS, TEMPE, AZ  
JUNE 2024 - PRESENT

- Built a Tableau dashboard tracking on-time delivery across 14 distribution lanes, which replaced a weekly Excel email going to 9 managers
- Wrote SQL views in Snowflake to pull shipment data, including a calculation that flagged orders idle for more than 72 hours
- Sat in on warehouse stand-ups to learn what the dispatchers actually wanted to see, then trimmed the original mockup from 11 charts to 5
- Documented every workbook field in a shared Confluence page so the next intern would not start from scratch

STUDENT ANALYST | ASU OFFICE OF INSTITUTIONAL RESEARCH, TEMPE, AZ  
MAY 2023 - JUNE 2024

- Helped maintain enrollment dashboards used by deans across 6 colleges
- Cleaned a 12,000-row alumni survey export in Tableau Prep, fixing inconsistent major codes and duplicate IDs
- Built a small parameter-driven view that let advisors compare retention rates by cohort

## Education

- B.S. Finance  
Arizona State University | May 2024

Tableau Desktop Specialist, 2024
