

FR

Frank Rogers

Patient Care Technician

Recently certified Patient Care Technician with clinical rotations in med-surg, dialysis, and long-term care. CPR certified and trained in phlebotomy, EKG, and vitals. Looking to join a hospital where I can keep building hands-on bedside skills.

PROFESSIONAL EXPERIENCE

Patient Care Technician Extern | Cedar Hollow Community Hospital, Greensboro, NC | 2024
2024

- Completed 240 clinical hours on a 22-bed med-surg unit under preceptor supervision.
- Performed vitals, blood glucose checks, and assisted with 6 to 8 patients per shift on bathing, ambulation, and toileting.
- Practiced venipuncture on rotation in the outpatient lab, completing 35+ successful draws across butterfly and straight-stick technique.
- Charted ADLs, intake, and output in Cerner and reported changes in patient status to the assigned RN.

Caregiver | HomeBridge In-Home Care, Greensboro, NC | 2022 to 2024
2022 - 2024

- Provided in-home support for 4 regular clients, including a stroke survivor and a hospice patient.
- Assisted with bathing, dressing, meal prep, medication reminders, and transfers using gait belts.
- Kept daily care notes families and visiting nurses used to track changes in mobility and appetite.
