- Household staff coordination
- Family budget and expense tracking
- International travel with children
- Curriculum planning ages 0 to 10

PROFESSIONAL EXPERIENCE

Household Manager and Nanny | The Vandermeer Family, Minneapolis, MN
February 2019 - Present

- Lead daily care for three children (ages 4, 7, and 10), coordinating school, sports, music lessons, and tutoring across 6 weekly activities
- Manage a household staff of 4 (housekeeper, chef, driver, weekend sitter), running weekly check-ins and the family calendar
- Oversee an annual household and activity budget of \$62,500, reconciled monthly with the family's business manager
- Plan and travel with the family 5 to 7 trips per year, including international travel with passports, visas, and child documentation
- Built a summer enrichment program covering reading, swim lessons, and a STEM camp that the parents have used three years running

Newborn Care Specialist and Nanny | The Bellamy-Cho Family, Tucson, AZ
September 2015 - January 2019

- Provided overnight newborn care for twin boys from week 1 through 14 months, working a 5-night weekly schedule
- Established a feeding and sleep routine that had both twins sleeping through the night by 16 weeks
- Tracked feedings, diapers, and weight gain in coordination with pediatrician and lactation consultant
- Transitioned daytime care from postpartum doula to full-time nanny role at month 6
- Trained two backup sitters on the household's routines and safety protocols

Full-Time Nanny | The Adeyemi Household, Edina, MN
June 2012 - August 2015

- Cared for a child with Type 1 diabetes from age 4 to 7, managing insulin pump checks, carb counting, and glucose logging
- Coordinated daily with the school nurse and endocrinologist's office on dosage adjustments
- Maintained a 100% on-time medication record across three years with no emergency incidents
- Drove the child to weekly therapy, swim team, and playdates
