- Clinical precepting
- Spanish (conversational)

PROFESSIONAL EXPERIENCE

PHYSICIAN ASSISTANT, EMERGENCY DEPARTMENT | CARDINAL RIDGE
REGIONAL HOSPITAL, RALEIGH, NC
2021 – PRESENT

- Carry an independent fast-track and mid-acuity panel averaging 30 patients per 12-hour shift, with attending consult on high-acuity cases.
- Reduced average door-to-provider time on the fast-track side from 41 minutes to 19 minutes after redesigning the triage handoff with nursing leadership.
- Perform laceration repair, I&D, fracture reduction, and ultrasound-guided IV access; precept new PAs through their first 90 shifts.
- Co-author of the department sepsis bundle audit that lifted 3-hour bundle compliance from the mid-70s to the low 90s over four quarters.

PHYSICIAN ASSISTANT, URGENT CARE | BRIGHTPATH URGENT CARE,
DURHAM, NC
2018 – 2021

- Sole provider on evening and weekend shifts at a high-volume suburban clinic, seeing 35-45 patients per shift.
- Built a pediatric quick-visit protocol for otitis media and strep that cut average visit length by roughly 12 minutes.
- Maintained a patient satisfaction score above 4.7 out of 5 across three years of quarterly surveys.
- Trained four medical assistants on point-of-care testing workflows and DOT physical documentation.
