

DEVON PRITCHARD

Phlebotomy Technician (PRN)

Newly certified phlebotomy technician with 120 hours of clinical externship and 175 successful venipunctures logged. Calm with anxious patients and careful about labeling. Looking for a hospital or outpatient role where I can keep building stick volume.

EDUCATION

Certified Phlebotomy Technician (CPT)
American Society for Clinical
Pathology (ASCP), 2024

Phlebotomy Technician Diploma
Guilford Technical Community College,
2024

BLS for Healthcare Providers
American Heart Association, 2024

SKILLS

- Venipuncture (straight stick and butterfly)
- Capillary / fingerstick collection
- Order of draw
- Patient ID verification (2-identifier)
- Centrifuge operation and specimen prep
- Basic Epic and Meditech navigation
- Sharps safety and OSHA bloodborne pathogen standards

EXPERIENCE

Phlebotomy Technician (PRN)

Piedmont Family Clinic | Greensboro, NC | 2024-Present

- Cover 2 to 3 PRN shifts per week, drawing 25 to 35 patients per shift for routine outpatient labs.
- Process specimens through the in-clinic centrifuge and prep send-outs for the LabCorp courier pickup at 2 p.m.
- Verify patient identity with 2 identifiers on every draw and confirmed 0 mislabels in my first 90 days.
- Restock draw trays and track tube inventory; flagged a back-order on light blue tubes before stockout.

Phlebotomy Externship

Forsyth Regional Hospital | Winston-Salem, NC | 2023-2024

- Completed 120 clinical hours across inpatient floors, ED, and the outpatient draw station.
- Logged 175 successful venipunctures and 40 capillary sticks under preceptor sign-off.
- Observed and assisted with blood culture collections, including 2-bottle sets with proper site prep.
- Shadowed pediatric draws and practiced distraction techniques with parents in the room.
