- Dry needling (Level 2)
- Running gait analysis
- Throwing athlete rehab
- Manual therapy (Maitland, Mulligan)
- Clinical instruction (CCIP)
- Epic and WebPT
- Outcome tracking (FOTO, LEFS, DASH)
- Patient-centered goal setting

ABOUT ME

Outpatient orthopedic PT with 6 years of mixed sports medicine and chronic pain caseload experience. Comfortable running point on complex post-op patients and the go-to person at my clinic for patients who have plateaued elsewhere.

EXPERIENCE

Physical Therapist III

Lakeside Orthopedic Therapy | Madison, WI | 2022-Present

- Maintain caseload of around 60 patient visits per week with 92% patient satisfaction on post-discharge surveys.
- Specialize in running and overhead athlete rehab; built clinic's return-to-throw program for baseball players.
- Trained 3 staff PTs on dry needling protocols after completing Level 2 certification.
- Reduced average patient cancellations by writing a same-day reschedule script the front desk now uses.
- Sit in on monthly case conferences with referring orthopedic surgeons at two partner practices.

Physical Therapist

Heartland Sports Rehab | Rockford, IL | 2019-2022

- Treated 12-15 patients per day in a high-volume outpatient sports medicine setting.
- Earned OCS certification while working full time, passing on first attempt in 2021.
- Served as clinical instructor for 5 DPT students from two regional programs.
- Created intake screening form for cervicogenic headache patients still used at the clinic.
