KEY SKILLS

- Geriatric primary care
- Heart failure and AFib management
- Anticoagulation monitoring
- Beers criteria deprescribing
- Medicare annual wellness visits
- Epic EMR
- Patient education for low health literacy

PROFESSIONAL EXPERIENCE

Adult-Gerontology Nurse Practitioner | Northstar Internal Medicine, Columbus, OH
February 2024 - Present

- Carry a developing panel of about 320 patients with focus on adults 55+, scheduled at 16 visits per day
- Reduced potentially inappropriate medications using Beers criteria during AWVs, deprescribing at least one med in 4 of every 10 visits
- Run a weekly anticoagulation follow-up block for warfarin and DOAC patients with same-day INR review
- Complete monthly chart audits with collaborating physician; first 6-month audit returned no required corrections

Registered Nurse | Cardiac Step-Down Mercy Heart Hospital, Columbus, OH
June 2016 - January 2024

- Cared for 4-5 post-PCI and CABG patients per shift with telemetry monitoring
- Served as charge nurse 2 nights per week and oriented 9 new RNs over 3 years
- Earned PCCN certification and unit Daisy Award nomination in 2022
