

DANIELLE OKAFOR

BSN, RN

BSN-prepared RN with 6 years of acute care experience on a 32-bed medical-surgical/telemetry unit. Strong in rapid assessment, multi-drip titration, and patient education for cardiac and post-surgical populations. Preceptor for new graduates and a steady presence during code response and rapid response calls.

 Raleigh, NC

KEY SKILLS

- Telemetry & rhythm interpretation
- Epic EHR & barcode medication administration
- Sepsis bundle & SEP-1 compliance
- Code blue & rapid response
- Patient & family education
- Preceptor & charge nurse experience
- Wound care and ostomy management

PROFESSIONAL EXPERIENCE

February 2021 - Present

Registered Nurse, Med-Surg/Telemetry | Brightwater Regional Medical Center | Raleigh, NC

- Carry a 1:5 patient assignment on a 32-bed tele unit, managing post-op cardiac, sepsis, and CHF patients with continuous rhythm monitoring
- Recognized early sepsis in 14 patients over a 9-month audit window, initiating bundle within the 1-hour window and escalating to rapid response
- Precept new-grad RNs through a 12-week orientation; 7 of 8 orientees completed onboarding on schedule and remained on the unit past year one
- Reduced CAUTI rate on the unit by championing daily Foley necessity huddles with charge nurse and providers
- Lead unit-based shared governance subcommittee on patient education materials for heart failure discharge

June 2019 - January 2021

Registered Nurse, Progressive Care Unit | St. Albans Community Hospital | Durham, NC

- Cared for step-down patients including post-PCI, DKA, and stroke rule-outs with frequent neuro checks
- Titrated cardizem, heparin, and insulin drips per protocol; documented in Epic with zero medication variances flagged on chart audit
- Served as charge nurse on weekend nights covering 24 beds and coordinating admissions with the ED
- Mentored two senior nursing students through their capstone clinical rotations
