PROFESSIONAL EXPERIENCE

SENIOR PHARMACY TECHNICIAN, IV ROOM | CASCADE REGIONAL MEDICAL CENTER, BELLEVUE, WA

2020 – PRESENT

- Compound 60-85 sterile IV admixtures per shift including chemo, TPN, and pediatric drips under USP <800> conditions
- Cut nightly missing-dose calls from the floor by 38% after rebuilding the Pyxis par level worksheet with nursing input
- Lead Omnicell cycle counts on 14 nursing units and reconcile discrepancies with the controlled-substance pharmacist
- Precept 2-3 PharmD students per rotation on cleanroom garbing, hood cleaning, and CSP labeling
- Cover overnight charge tech role twice weekly, triaging STAT orders and code tray restocks for a 380-bed hospital

PHARMACY TECHNICIAN | NORTHSTAR SPECIALTY INFUSION, RENTON, WA

2017 – 2020

- Prepared home infusion bags for 110+ active patients on IVIG, antibiotic, and hydration therapy
- Coordinated cold-chain shipping with FedEx Priority Overnight and resolved 2 thermal excursion incidents per quarter
- Maintained CSP beyond-use dating logs that passed Joint Commission survey with zero findings in 2019

EDUCATION

- Pharmacy Technician Diploma, Renton Technical College, 2017 |
- PTCB Certified Pharmacy Technician (CPhT), active since 2017 |
- PTCB Sterile Compounding Certificate (CSPT), 2021 |
