- Triage and ESI acuity
- Trauma and stroke alerts
- Ultrasound-guided IV access
- Conscious sedation monitoring
- Behavioral health de-escalation
- Epic and Meditech
- Charge nurse coverage
- ACLS, PALS, TNCC, ENPC, CEN

PROFESSIONAL EXPERIENCE

Registered Nurse, Emergency Department | Riverbend Medical Pavilion, Saint Paul, MN | February 2022 – Present

- Triage and treat 28 to 34 patients per 12-hour shift in a 42-bed ED with ESI 1 to 5 acuity mix.
- Lead nurse on 60+ trauma activations, including 14 mass-casualty drill responses last year.
- Cut door-to-EKG time on the chest pain pathway from 11 minutes to 6 minutes through a tech-driven rooming change.
- Float to charge on overnight shifts, balancing 28 staff and break coverage.
- Coach senior students from two BSN programs through their final ED rotation.

Registered Nurse, Emergency Department | Northpine Community Hospital, Duluth, MN | June 2020 – January 2022

- Worked a 22-bed community ED covering pediatrics, psych, and OB triage.
- Started IVs on difficult sticks with bedside ultrasound, raising first-attempt success on the unit.
- Held primary nurse role for STEMI and stroke alerts, hitting door-to-needle goals on most cases.
- Helped the manager rebuild the sepsis bundle workflow during a Joint Commission survey year.

EDUCATION

Bachelor of Science in Nursing

College of Saint Benedict | May 2020

- Certified Emergency Nurse (CEN), 2023
- TNCC and ENPC, Emergency Nurses Association, 2022
