Akron, OH

## KEY SKILLS

- Personal care and ADL support
- Vital signs (manual BP, pulse, temperature)
- Safe lifting and gait belt use
- PointClickCare basics
- Patient observation and reporting
- Reliable car, valid Ohio driver's license

## PROFESSIONAL EXPERIENCE

STNA Clinical Trainee | Akron, OH, Akron, OH | March 2024 – May 2024

- Completed 75 supervised clinical hours across day and evening shifts, supporting 8-10 residents per shift with bathing, toileting, and ambulation
- Took and recorded vitals on every assigned resident; logged readings in PointClickCare without errors during final two weeks of placement
- Assisted nursing staff during 3 code-gray events by clearing the hallway and bringing transfer equipment
- Sat with a hospice resident during family absences and reported breathing changes that led to medication adjustment

Caregiver (Private) | Family Arrangement, Akron, OH | September 2022 – February 2024

- Cared for grandmother with Parkinson's disease while completing high school, including medication reminders 3 times daily and meal prep
- Coordinated transportation to weekly neurology appointments and kept a written symptom log shared with her physician
- Learned safe transfer technique from visiting home health nurse and applied it without incident for over 18 months

## EDUCATION

High School Diploma

Firestone Community Learning Center | June 2023

## CERTIFICATIONS

- STNA Certification, Ohio Department of Health, June 2024
- BLS / CPR for Healthcare Providers, AHA, September 2024
