

NP

# Nicholas Perez

Licensed Vocational Nurse Lvn

New LVN graduate (May 2024) with 720 clinical hours across med-surg, pediatrics, and long-term care. Strong on the fundamentals: vitals, charting, medication passes, and patient communication. Looking for a floor or skilled nursing role with structured preceptorship.

## PROFESSIONAL EXPERIENCE

LVN (New Grad) | 2024 - Present

Cedar Bluff Health & Rehabilitation, Pflugerville, TX

- Pass medications for 18-20 long-term care residents per shift under RN charge nurse oversight, documenting in MatrixCare.
- Perform routine treatments including finger sticks, sliding-scale insulin, dressing changes, and Foley care.
- Completed 6-week preceptorship and signed off on independent med pass at week 5, ahead of the 8-week unit average.
- Communicate resident status changes promptly to RN and on-call physician; logged 4 timely SBAR escalations in first 90 days.

Student Nurse Extern I 2024 (clinical rotation)

Hill Country Regional Hospital, Georgetown, TX

- Supported RNs on a 28-bed med-surg floor during final preceptorship, carrying up to 4 patients with supervision.
- Practiced IV initiation, NG tube care, and pre-/post-op teaching.
- Charted I&O, vitals, and pain scores in Epic; received instructor evaluation of 'exceeds expectations' in documentation.
