University of Washington School of Medicine
May 2015

Bachelor of Science, Biochemistry

University of California San Diego
May 2011

- Board Certified, Internal Medicine, ABIM (recertified 2023)

KEY SKILLS

- Inpatient medicine and hospitalist workflows
- Epic EHR (order set design, Smart Phrases)
- Sepsis and stroke protocol implementation
- Antimicrobial stewardship
- Resident teaching and bedside instruction
- Code blue and rapid response leadership
- Discharge planning and care transitions
- Quality improvement (PDSA cycles)

PROFESSIONAL EXPERIENCE

Hospitalist Physician | Cascade Ridge Medical Center, Portland, OR
February 2021 - Present

- Manage a daily census of 16 to 20 patients on a medical-surgical floor with daily multidisciplinary rounds
- Co-led sepsis bundle revision that reduced 30-day readmissions on the pilot unit from 18.4% to 11.7% over 14 months
- Serve as physician champion for Epic order set redesign, retiring 23 outdated sets and writing replacements with pharmacy input
- Precept third-year residents two weeks per quarter, with consistent above-average teaching scores on ACGME surveys
- Cover rapid response team on every fourth weekend

Internal Medicine Hospitalist | Willowbrook Community Hospital, Eugene, OR
September 2018 - January 2021

- Admitted and managed adult inpatients across telemetry, step-down, and general medicine services
- Joined the antibiotic stewardship committee and helped trim broad-spectrum days of therapy by roughly a third on the inpatient side
- Carried average length of stay below the hospitalist group benchmark for nine consecutive quarters
- Worked with case management to coordinate complex discharges for uninsured and Medicaid patients

Internal Medicine Resident | Oregon Health Sciences Residency Program, Portland, OR
June 2015 - August 2018

- Completed three-year ACGME-accredited residency with rotations in ICU, cardiology, oncology, and ambulatory care
- Chief resident in final year, building call schedules and running weekly morbidity and mortality conference
- Presented poster on inpatient glycemic management at the ACP regional meeting in 2017
