KEY SKILLS

- Pediatric chemotherapy and biotherapy administration
- Blood product transfusion and reaction management
- Central line and port access (Mediport, Broviac, PICC)
- Difficult IV access in pediatrics
- Neutropenic precautions and isolation
- Family teaching: G-tube, port care, home antibiotics
- Epic EHR, Omnicell, BD Alaris pumps
- Preceptor, NRP, PALS
- Sepsis screening and rapid response

PROFESSIONAL EXPERIENCE

Pediatric Staff RN, Hematology / Oncology | Green Mountain Pediatric Hospital, Burlington, VT

2022 - Present

- Manage 3-4 patient assignments including chemotherapy administration, blood product transfusions, and post-op neuroblastoma cases.
- Maintained zero medication administration errors across 18 months of chemo competency audits.
- Serve as unit IV resource: average first-stick success rate of 86% on patients with difficult access in the last quarter audit.
- Coach families through new port placement, neutropenic precautions, and home G-tube feedings before discharge.
- Co-led the conversion to a new smart pump library; trained 22 day-shift RNs and CNAs.

Pediatric Staff RN, General Peds | Lakeside Community Hospital, South Burlington, VT

2020 - 2022

- Cared for 4-5 patients per shift on a 22-bed general pediatrics unit; common diagnoses included RSV, croup, DKA, and failure to thrive.
- Precepted 6 new grad RNs through 12-week orientations; 5 are still on the unit.
- Sat on the unit's family advisory workgroup and rewrote the bedside whiteboard template based on parent feedback.
- Floated to the well-baby nursery roughly once a month to maintain newborn assessment skills.
