- Patient and family education

PROFESSIONAL EXPERIENCE

Unit Manager, LPN | Sonoran Ridge Health and Rehabilitation, Tucson, AZ
February 2020 - Present

- Run a 40-bed long-term care unit with 6 CNAs per shift, leading stand-up huddles and shift handoffs.
- Reduced unit fall rate from 8.2 per 1,000 resident days to 3.1 by rolling out hourly rounding and bed alarm checks.
- Manage IV antibiotics, wound vac changes, and trach care for high-acuity residents and coordinate with the medical director weekly.
- Audit MAR and TAR charts every Friday and coach staff on missed entries before survey visits.
- Helped the facility move from a 2-star to a 4-star CMS rating during the last two survey cycles.

Home Health LPN | Saguaro Home Care Services, Tucson, AZ
September 2016 - January 2020

- Carried a caseload of 12 to 15 home health patients including post-surgical, diabetic, and CHF cases.
- Performed wound care, B12 injections, INR draws, and Foley changes in patient homes.
- Educated patients and families on insulin pens, oxygen safety, and CHF weight tracking.
- Charted visits in Homecare Homebase the same day and closed 98 percent of notes within 24 hours.

Clinic LPN, Family Medicine | Catalina Foothills Family Health, Tucson, AZ
June 2013 - August 2016

- Roomed 28 to 34 patients per day for a 3-provider family practice, including vitals, med reconciliation, and screening questions.
- Administered immunizations and allergy injections and ran the vaccine fridge logs.
- Performed point-of-care testing: strep, flu, urine dip, and finger-stick glucose.
- Trained 2 new medical assistants on rooming flow and chart prep in athenahealth.
