- Epic ASAP charting
- SBAR handoff
- Foley and NG insertion
- BLS / basic code support
- Patient and family education

## ABOUT ME

New graduate RN with 720 hours of clinical experience including a senior practicum in a Level II emergency department. Comfortable with triage support, IV access, and standard ED protocols. Seeking an ER nurse residency where I can build trauma and critical care fundamentals.

## PROFESSIONAL EXPERIENCE

### SENIOR PRACTICUM, EMERGENCY DEPARTMENT | Foothills Regional Hospital, Greenville, SC

JAN 2024 - MAY 2024

- Completed 240 hours alongside an ED preceptor in a 32-bed department averaging 180 patient visits per day.
- Took progressively independent assignments of 2-3 ESI level 3-4 patients by the final 4 weeks of practicum.
- Participated in 6 trauma activations and 2 code blue responses as a documenting and IV-access role.
- Practiced ESI triage with the charge nurse and reviewed 40+ triage decisions for accuracy and acuity match.

### PATIENT CARE TECHNICIAN, EMERGENCY DEPARTMENT | Foothills Regional Hospital, Greenville, SC

2022 - 2024

- Worked PRN nights in a busy ED while completing nursing school, supporting 6-8 patient rooms per shift.
- Drew labs, performed EKGs, and assisted with splinting and wound care under RN supervision.
- Recognized by unit director for clean transfer documentation across more than 300 patient handoffs.
- Trained 4 incoming PCTs on workflows for the rapid triage and intake area.
