PROFESSIONAL EXPERIENCE

Senior Nursing Practicum, Pediatric Med-Surg | Saint Brigid Children's Hospital,
Tulsa, OK | Jan 2024 to May 2024
Jan 2024 – May 2024

- Carried a 3-patient assignment under preceptor supervision on a 28-bed pediatric med-surg unit; ages 6 months to 16 years.
- Logged 168 practicum hours across day and night shifts; managed admissions, IV restarts, and discharge teaching for asthma and post-op appendectomy patients.
- Completed a unit QI project on bedside shift report compliance; observed 42 handoffs and presented findings to the unit educator.
- Took report on rapid response transfers from the ED and helped the primary RN stabilize 2 patients later upgraded to PICU.

Patient Care Tech, Pediatrics | Greenfield Medical Center, Broken Arrow, OK | 2022
to 2024
2022 – 2024

- Worked 24 hours per week on a 20-bed pediatric unit while completing BSN coursework.
- Performed vitals, I&O, blood glucose checks, and 1:1 sitter coverage for patients on seizure or behavioral precautions.
- Trained 4 newly hired techs on safe lifting, isolation precautions, and Pyxis restock workflow.
- Recognized twice in patient experience surveys for keeping siblings engaged during long admissions.
