- Rapid onboarding (under 3 shifts)
- Charge nurse float
- Sepsis bundle and stroke alert
- Preceptor and EHR super-user
- Press Ganey and HCAHPS

## PROFESSIONAL EXPERIENCE

Travel RN, Telemetry/Step-Down | Crestwave Staffing Group, Portland, OR (multi-state assignments)

2022 – Present

- Completed 7 back-to-back 13-week contracts across OR, AZ, and TX with zero facility-initiated cancellations.
- Carried 5 to 6 patient assignments on a 32-bed cardiac step-down floor; recognized as charge nurse float within 4 weeks of start in Tucson.
- Caught a delayed sepsis presentation overnight, escalated to rapid response within 12 minutes of vitals shift, patient transferred to ICU without code event.
- Trained 11 core staff on Epic Rover and bedside barcode scanning during a Cerner-to-Epic conversion in Phoenix.
- Held Press Ganey patient communication scores above unit average on every completed assignment.

Staff RN, Medical-Surgical | Riverbend Memorial Hospital, Eugene, OR

2020 – 2022

- Worked 36-hour weeks on a 28-bed med-surg unit at average 1:5 ratio, post-op general surgery and oncology overflow.
- Precepted 4 new graduate RNs through 10-week orientation; 3 remained on unit at time of departure.
- Served on unit shared-governance council, co-wrote a fall-prevention huddle protocol adopted by 2 sister units.
- Closed an HCAHPS pain-management gap by piloting hourly rounding scripts, scores rose from 68 to 81 over two quarters.
