- Vitals, phlebotomy, IV access
- Medication reconciliation
- eClinicalWorks and Cerner EHR
- Foley and NG tube insertion
- Wound care and dressing changes
- Patient and family education
- BLS / ACLS
- HIPAA and infection control

ABOUT ME

Recent BSN graduate with prior medical assistant experience in a high-volume family practice. Comfortable with vitals, phlebotomy, point-of-care testing, and patient education. NCLEX-RN passed first attempt; seeking a med-surg new grad residency.

PROFESSIONAL EXPERIENCE

Medical Assistant

Hillside Family Health Associates, Nashville, TN | February 2021 - March 2024

- Roomed 28 to 35 patients per day across four providers, capturing chief complaint, vitals, and medication reconciliation
- Drew blood for routine and difficult-stick patients with a first-attempt success rate above 90% per quarterly audits
- Trained two newly hired MAs on the eClinicalWorks workflow and refill protocol
- Ran quality control on the in-office CLIA-waived analyzers each morning

Student Nurse Extern

Magnolia Bluff Regional Hospital, Franklin, TN | June 2023 - September 2023

- Completed 320 hours on a 32-bed med-surg floor under preceptor supervision
- Assisted with admissions, discharges, wound care, and patient transfers
- Documented intake/output and vital trends in Cerner for assigned patient loads

EDUCATION

Bachelor of Science in Nursing (BSN)

Belmont University | May 2024

- Licensed Registered Nurse, State of Tennessee, License #RN-44219 (2024)
- BLS and ACLS Certified, American Heart Association (current through 2026)
