- 12-lead ECG and STEMI/Stroke alerts
- Pediatric resuscitation (PALS, NRP)
- MCI command and START triage
- Tactical EMS and TCCC
- QA and protocol writing
- Field preceptorship and CE instruction

ABOUT ME

NREMT-Paramedic with 9 years of progressive 911, critical care transport, and tactical EMS experience. Strong cardiac, airway, and pediatric resuscitation skills with active CCEMT credential. Currently serves as Clinical Lieutenant overseeing 22 field providers and QA review for 24,000+ annual calls.

PROFESSIONAL EXPERIENCE

Clinical Lieutenant, Paramedic

Blackstone Valley EMS, Worcester, MA | 2022 - Present

- Oversee clinical quality and protocol compliance for a 22-provider division running 24,000+ calls annually across three stations.
- Cut average chart-to-completion time from 92 minutes to 41 minutes by redesigning the post-call ImageTrend workflow.
- Chair monthly cardiac arrest case review with the medical director, raising ROSC rate from 24% to 33% over 18 months.
- Run paramedic skills lab quarterly covering RSI assist, surgical cric, and finger thoracostomy.
- Serve as incident commander on MCIs, including a 14-patient bus collision in 2023.

Critical Care Paramedic

Granite State MedFlight Ground, Manchester, NH | 2019 - 2022

- Performed adult and pediatric interfacility critical care transports including ventilator, vasopressor, and balloon pump patients.
- Managed an average of 4 critical drips per transport with documented zero infusion errors over 280 missions.
- Trained as the agency lead on LUCAS device deployment and authored the SOP adopted across all 8 trucks.
- Provided rotor-wing ground coordination during weather diversions, averaging 18 handoffs per quarter.

Paramedic

Pioneer Valley Fire-EMS, Springfield, MA | 2016 - 2019

- Worked a 24/72 rotation on a busy ALS engine running 3,200+ calls annually.
- Cleared 12-lead and field STEMI activations on 47 patients in 2018, with cath lab confirmation in 41 cases.
- Mentored 9 paramedic interns through Westfield State University clinicals.
- Selected for the regional Tactical EMS team in 2018, supporting two warrant operations per month.

EMT-Basic

Holyoke Patient Carriers, Holyoke, MA | 2015 - 2016

- Ran BLS interfacility and chair-car shifts averaging 16 patient contacts per day.
- Earned EMT of the Quarter in Q4 2015 for perfect attendance and chart accuracy.
- Trained partners on stair chair and bariatric lift technique after a station-wide back injury review.

- ImageTrend Elite, ESO, Epic
