ELENA SOKOLOVA

Front End Developer

Senior front end developer with 8 years of experience across B2B SaaS and consumer marketplaces. Strong in React, TypeScript, and design systems, with a habit of tying engineering choices back to user metrics.

PROFESSIONAL EXPERIENCE

2020 - Present

Senior Front End Developer | Harborlight Marketplace, Austin, TX

- Own the seller dashboard codebase, ~85k lines of React and TypeScript, including release planning and on-call rotation
- Led migration from Create React App to Vite, which dropped local cold-start build time from 38s to 6s
- Designed an A/B testing harness for pricing pages that the growth team has used for 22 experiments to date
- Rolled out a shared form library with React Hook Form, replacing four in-house form patterns across the app
- Run the front end hiring loop and have interviewed about 60 candidates over the last two years

2017 - 2020

Front End Developer | Cinderlane Software, Denver, CO

- Built the customer-facing booking flow in React and Redux for a property management platform serving small landlords
- Cut bundle size on the marketing site by code-splitting routes and dropping moment.js in favor of date-fns
- Worked directly with a product designer on a checkout redesign that lifted completed bookings on mobile
- Wrote the team's first set of Cypress tests and added them to the CI pipeline
