

MARCUS HOLLOWAY

Carpenter

Journey-level carpenter with 9 years across residential framing, custom interior trim, and light commercial buildouts. Lead crews of 3 to 6, read blueprints fluently, and keep jobs on schedule without sacrificing finish quality. OSHA 30 certified and comfortable bidding small change orders directly with GCs.

KEY SKILLS

- Blueprint and shop drawing interpretation
- Residential framing (platform, balloon, advanced)
- Custom trim and finish carpentry
- Stair layout and stringer cutting
- Cabinet and built-in installation
- Crew supervision and apprentice training
- Change-order pricing and small-job estimating
- Roof framing, including hips, valleys, and dormers
- Power tool operation and maintenance (table saw, miter saw, router, nail guns)
- Layout math and rafter calculations
- OSHA-compliant jobsite safety management
- Subcontractor coordination and scheduling

Professional Experience

LEAD CARPENTER | BRIGHTWATER CONSTRUCTION, RALEIGH, NC 2021 - PRESENT

- Run framing and trim phases on custom homes ranging from 2,800 to 6,400 sq ft, typically closing punch lists within 4 days of final walkthrough.
- Cut average framing labor hours by 18% on the 2023 Glenwood project by pre-fabricating gable walls in the shop instead of stick-framing on site.
- Supervise a 4-person crew, including two apprentices, and run daily toolbox talks to keep the site clean and OSHA-compliant.
- Coordinate directly with electricians, plumbers, and HVAC subs to sequence rough-ins without rework.
- Handle change-order pricing for trim upgrades and built-ins, usually closing the same day with the homeowner.

CARPENTER | PINECREST BUILDERS, DURHAM, NC 2018 - 2021

- Framed roughly 40 single-family homes over three years, from sill plate through roof decking.
- Built custom stair stringers, handrails, and newel posts for upscale spec houses.
- Trained two apprentices on saw setup, layout math, and blueprint reading.
- Installed cabinets, crown, base, and door casing across 25+ kitchens and great rooms.

CARPENTER'S HELPER | SELF-EMPLOYED, WAKE COUNTY, NC 2016 - 2018

- Took on deck builds, fence installs, and small interior remodels for residential clients.
- Pulled permits and passed final inspections on every job without callbacks.
- Built a referral pipeline that kept the calendar booked 6 to 8 weeks out.

Education

- Carpentry Apprenticeship Certificate, Wake Technical Community College, Raleigh, NC, 2018
- High School Diploma, Garner Magnet High School, Garner, NC, 2015
- OSHA 30-Hour Construction Safety Certification, 2022

- First Aid/CPR Certified, American Red Cross, 2023
