

Brenda Mitchell

Devops Engineer

Junior DevOps engineer with one year of hands-on experience supporting CI/CD pipelines and AWS environments. Comfortable with Terraform, Docker, and GitHub Actions through a mix of internships and a previous QA automation role. Looking to grow on a team that practices code review and gradual ownership.

B.S. Information Systems, Ohio State University, 2023

AWS Certified Cloud Practitioner (2023)

KEY SKILLS

- AWS (S3, EC2, IAM, CloudWatch)
- Terraform basics
- Docker
- GitHub Actions
- Bash, Python
- PostgreSQL
- Linux command line
- Cypress, pytest

PROFESSIONAL EXPERIENCE

JUNIOR DEVOPS ENGINEER | NORTHWIND MERCANTILE SYSTEMS, COLUMBUS, OH
2023 – PRESENT

- Maintained 14 GitHub Actions workflows for a mid-size e-commerce platform, fixing 23 flaky tests over six months.
- Wrote Terraform for S3, IAM, and CloudWatch alarms under the review of two senior engineers.
- Helped roll out a centralized logging stack on OpenSearch that replaced scattered log files across 9 services.
- Joined the secondary on-call rotation and shadowed primary responders on 11 incidents.

QA AUTOMATION INTERN | NORTHWIND MERCANTILE SYSTEMS, COLUMBUS, OH
SUMMER 2022

- Built Cypress smoke tests that ran on every pull request to the checkout service.
- Wrote a Bash script to seed test databases, used by four QA engineers during release weeks.
- Documented the test environment setup so new contractors could get running in under a day.
