

MARCUS WHITFIELD

Front End Developer

Columbus, OH 12345 | (614) 555-0188 | marcus.whitfield@example.com

PROFILE

Junior front end developer with 1 year of professional React experience and a CS degree. Comfortable shipping small features end to end, asking questions in code review, and writing tests before opening a PR.

KEY SKILLS

- React, JavaScript, TypeScript (learning)
- HTML, CSS, Tailwind
- Jest, React Testing Library
- Git, GitHub, GitHub Actions
- Figma handoff
- REST APIs
- Accessibility basics (WCAG)
- Node.js (basic)

PROFESSIONAL EXPERIENCE

Junior Front End Developer

Foxglove Retail Co., Columbus, OH | 2023 - Present

- Build product detail page components in React and TypeScript for the shopper-facing storefront
- Closed 47 frontend tickets in my first six months, ranging from copy fixes to a new size-selector component
- Added unit tests with Jest and React Testing Library to two legacy components that had no coverage
- Joined the weekly accessibility review and fixed several focus-trap issues in the cart modal

Software Engineering Intern

Ridgeline Health Tech, Columbus, OH | Summer 2022

- Helped migrate a marketing site from WordPress to Gatsby; my section of the site shipped on the original launch date
- Wrote a reusable form component used on three contact pages, with validation and inline error messages
- Presented a 15-minute intern demo on Lighthouse scores and what moved them

EDUCATION

B.S. Computer Science, Ohio State University, 2023

,

Coursework: Web Systems, Human-Computer Interaction, Data Structures
