- RF scanners and basic WMS workflows
- Excel (VLOOKUP, pivot tables)
- Receiving and putaway
- Written shift handoffs

PROFESSIONAL EXPERIENCE

INVENTORY COORDINATOR | HALCYON MEDICAL SUPPLY, COLUMBUS, OH 2023 – PRESENT

- Run daily cycle counts across 1,200 SKUs in a regional medical distribution center; current accuracy rate sits around 95%.
- Investigate and reconcile receiving variances in SAP; typical week is 20 to 30 line items resolved.
- Reduced negative on-hand corrections by 62% in Q4 2023 by adding a quick second-scan step at putaway.
- Cover backup duties for the receiving lead during PTO and month-end.

WAREHOUSE ASSOCIATE (INVENTORY FOCUS) | HALCYON MEDICAL SUPPLY, COLUMBUS, OH 2022 – 2023

- Picked, packed, and ran assigned cycle counts on the night shift.
- Trained four new hires on RF scanner workflows and the count-discrepancy form.
- Flagged a mislabeled lot of catheters during a count that prevented a near-expiry write-off.
