Angela Adams

Chief Information Officer Cio

Chief Information Officer with 20 years scaling IT functions in manufacturing and consumer goods. Most recent role oversaw 480 IT staff across 9 countries and an annual operating budget north of \$85M. Comfortable in front of the board, on the plant floor, and inside an integration war room.

PROFESSIONAL EXPERIENCE

Chief Information Officer | 2020 - Present
Halverson Industrial Group, Minneapolis, MN

- Set IT strategy for a \$2.1B industrial manufacturer with 23 plants across North America, EMEA, and APAC.
- Led the consolidation of 6 legacy ERP instances onto a single SAP S/4HANA tenant; program delivered \$18.6M in annualized run-rate savings by year three.
- Stood up an OT/IT security program after a peer in the industry was hit by NotPetya-style malware; reduced unpatched plant endpoints from 38% to under 4% in 14 months.
- Represented IT on the integration management office for two acquisitions totaling \$640M in revenue; both closed Day 1 cutover on schedule.
- Brief the audit committee quarterly on cyber risk, system availability, and AI use-case governance.

Vice President, Global IT | 2015 - 2020
Northpoint Consumer Brands, Cincinnati, OH

- Promoted from Senior Director to VP after leading the e-commerce replatform that supported a 67% lift in direct-to-consumer revenue.
- Managed a \$34M discretionary budget and a team of 210 across application, infrastructure, and analytics.
- Rolled out Microsoft 365 and Teams to 11,000 employees during the early COVID period without a single major outage.
- Launched the first centralized data warehouse on Snowflake, replacing 9 disconnected BI environments.

Senior Director, Infrastructure and Operations | 2011 - 2015
Northpoint Consumer Brands, Cincinnati, OH

- Ran a 95-person global infrastructure team across networking, datacenter, and end-user computing.
- Closed 2 of 3 owned datacenters by moving workloads to colocation and early Azure footprint; saved roughly \$7.2M annually.
- Authored the first formal IT disaster recovery program; cut tested RTO for tier-1 systems from 36 hours to 4 hours.
