- Standards-based grading
- Desmos Classroom Activities
- Building Thinking Classrooms (Liljedahl) routines
- SIOP and sheltered instruction strategies
- Formative assessment design
- PowerSchool and Canvas LMS
- IEP and 504 implementation
- Co-planning and PLC participation
- Spanish (intermediate)

PROFESSIONAL EXPERIENCE

Jan 2025 - Present

Student Teacher, Algebra I, Saguaro Ridge High School, Tempe, AZ

- Plan and teach five sections of Algebra I daily (132 students total), with weekly co-planning meetings with two cooperating teachers and the department PLC.
- Redesigned the linear functions unit using Desmos activities and warm-up routines; section averages on the common assessment rose from 64% to 78% across all five sections.
- Wrote sheltered-instruction supports for 22 multilingual learners, including bilingual vocabulary cards and sentence stems for math discourse.
- Track standards-based mastery in PowerSchool and conference with students biweekly on reassessment plans.
- Co-led a Friday after-school tutoring session that drew 12-18 students per week through the semester.

Aug 2024 - Dec 2024

Pre-Service Field Placement, 7th Grade Math, Coyote Wash Middle School, Mesa, AZ

- Completed 90 field hours observing and assisting in two 7th-grade math classrooms with a combined 58 students.
- Led small-group reteaching on integer operations three times per week, freeing the lead teacher to pull a guided math group.
- Built a Jamboard problem-of-the-day routine adopted by both math teachers on the grade-level team.
- Attended IEP meetings as an observer for 4 students and revised lesson supports based on accommodations discussed.

Sep 2022 - May 2024

Math Tutor, ASU Math Tutoring Center, Tempe, AZ

- Tutored undergraduates in college algebra, precalculus, and intro statistics in 1-on-1 and drop-in sessions, averaging 18 hours per week.
- Trained 4 new tutors during fall 2023 onboarding using a guided-questioning protocol from the center's handbook.
- Maintained a 4.8 of 5 average on end-of-semester student feedback surveys across four semesters.
