Margaret Martin

Salesforce Developer

Junior Salesforce Developer with 1.5 years of hands-on Apex and Lightning Web Component experience after a Trailhead-heavy career switch from QA. Recently shipped a quoting LWC used by 45 sales reps and earned Platform Developer I within 7 months on the job.

PROFESSIONAL EXPERIENCE

JUNIOR SALESFORCE DEVELOPER I POLESTONE INSURANCE PARTNERS, TEMPE, AZ | 2023 - PRESENT

- Built a Lightning Web Component for renewal quoting that 45 agents now use daily, reducing clicks per quote from 11 to 4
- Wrote Apex triggers and handler classes for Policy and Claim objects with 92% average test coverage
- Resolved 60+ Jira tickets in first year covering validation rules, flow fixes, and small LWC enhancements
- Shadowed senior dev on a DocuSign integration, owning the test class refactor and bulkification fixes

QA ANALYST I POLESTONE INSURANCE PARTNERS, TEMPE, AZ | 2022 - 2023

- Wrote regression test cases for Sales Cloud release cycles across 3 sandboxes
- Logged and triaged ~30 defects per release, often pairing with developers to reproduce edge cases
- Self-studied Apex on Trailhead during slow sprints, earning 4 Superbadges before transitioning to dev team
