

PROFILE

Senior web developer with 9 years across fintech and B2B SaaS. Deep React, TypeScript, and GraphQL experience with a track record of cutting bug volume and shipping accessible features at scale.

KEY SKILLS

- React, Next.js, and TypeScript
- GraphQL (Apollo, federation) and REST API design
- Node.js and Express for BFF layers
- Vite, Webpack, and modern build tooling
- WCAG 2.1 AA accessibility and assistive tech testing (NVDA, VoiceOver)
- Jest, React Testing Library, and Playwright
- CI/CD with GitHub Actions and CircleCI
- Performance profiling and Core Web Vitals optimization
- AWS (Lambda, S3, CloudFront) and Vercel deployments
- Technical mentorship and code review leadership
- PostgreSQL and Redis
- OAuth 2.0, OIDC, and Okta SSO integration

RYAN NELSON

Web Developer

Portland, OR 12345 | (503) 555-0173 | marcus.adeyemi@example.com

PROFESSIONAL EXPERIENCE

Senior Web Developer

Folsom Ledger Software, Portland, OR | 2021 - Present

- Lead developer on the customer billing portal serving 24,000 small business accounts.
- Replaced REST endpoints with a federated GraphQL layer, reducing average page payload from 480KB to 190KB.
- Drove the migration from CRA to Vite, which cut local dev startup from 38s to under 4s.
- Wrote the team's accessibility playbook and trained 11 engineers on screen reader testing with NVDA and VoiceOver.
- On-call rotation handles roughly 6 incidents per quarter, mean time to resolve down 35% since I joined.

Web Developer

Northpeak Lending Co., Portland, OR | 2018 - 2021

- Built loan application flows in React and Redux that processed about \$42M in originations during 2020.
- Owned the SSO integration with Okta across 3 internal tools used by underwriters.
- Cut Sentry error volume 62% over 18 months by adding form validation libraries and stricter TypeScript configs.
- Mentored two associate developers, both promoted within the team.

Web Developer

Mosaic Tile & Stone Wholesale, Salem, OR | 2015 - 2018

- Built the B2B reorder portal in Angular 1.x and later migrated it to Angular 7.
- Connected the storefront to NetSuite via custom middleware, handling around 900 orders a week.
- Wrote internal admin tools the warehouse team still uses for inventory adjustments.

EDUCATION

B.S. Computer Science, Portland State University, 2015

AWS Certified Developer - Associate, 2022

Certified Professional in Accessibility Core Competencies (CPACC), IAAP, 2023
