

MARCUS DELANEY

Forklift Operator

Forklift operator with 6 years moving freight in high-volume distribution centers. Certified on sit-down counterbalance, reach truck, and order picker, with a clean safety record across 11,400+ shift hours. Known for loading trailers tight, calling out rack damage early, and training new hires without slowing the line.

KEY SKILLS

- Sit-down counterbalance (Class I)
- Stand-up reach truck (Class II)
- Order picker / cherry picker
- Pallet jack (electric and manual)
- RF scanners and WMS (Manhattan, SAP EWM)
- Pre-shift inspections and OSHA 1910.178 compliance
- Trailer loading and load securement
- Cycle counting and inventory reconciliation
- New hire training and mentoring

PROFESSIONAL EXPERIENCE

2021 - Present

Lead Forklift Operator, Brightline Logistics, Columbus, OH

- Pull and stage 220-280 pallets per shift across receiving and outbound docks, holding a 99.6% pick accuracy rate over the last 14 months.
- Train new operators on reach truck and double-deep racking; cut average ramp-up time from 5 weeks to under 3.
- Flag damaged pallets and shrink-wrap issues before they hit the trailer, which dropped customer claim filings on my line.
- Run pre-shift inspections and log issues in iWarehouse; flagged a hydraulic leak that kept a unit out of a near-miss situation.

2018 - 2021

Forklift Operator, Keystone Foods Distribution, Dayton, OH

- Loaded and unloaded 30-40 trailers per shift in a refrigerated DC, mostly LTL grocery freight.
- Operated stand-up reach trucks at 28-foot heights for slot replenishment.
- Cycle counted assigned aisles weekly and resolved inventory variances with the inventory control team.
- Recognized as Operator of the Quarter twice for zero incidents and consistent pallet throughput.

EDUCATION

OSHA-Compliant Powered Industrial Truck Certification, Crown Lift Trucks, renewed 2024

High School Diploma, Northland High School, Columbus, OH, 2017
