

Scott Evans

Welder

(330) 555-0188 • Akron, OH 12345 • tyrell.brooks@example.com

Second-year welding apprentice with 14 months of shop time on MIG and stick. Recently passed AWS D1.1 2G plate test and logged over 1,400 supervised arc hours. Comfortable on bevels, tacks, and fit-up under a journeyman.

PROFESSIONAL EXPERIENCE

Welder Apprentice, Lakeshore Iron and Fabrication, Akron, OH	2023 – Present
- Run MIG short-circuit and spray transfer on mild steel weldments for conveyor frames and skid bases. - Logged 1,432 supervised arc hours toward state apprenticeship requirements without a single rejected weld in the last quarter. - Tack and fit assemblies from prints with tolerances of plus or minus 1/8 in. - Keep grinder, wire, and gas stock organized for two journeymen so they can stay on the hood.	
Shop Helper, Buckeye Trailer Repair, Canton, OH	2022 – 2023
- Cut and ground stock on horizontal band saw and chop saw to feed two welding bays. - Learned stick rod selection (6010, 6013, 7018) and dry storage practices. - Helped rebuild dump trailer floors and gates using FCAW under supervision.	

EDUCATION

- Welding Certificate, Stark State College, 2022
- AWS D1.1 2G plate, passed 2024
- OSHA 10 General Industry
